

# Conclusion of the Project College Website:

Our project is only a humble venture to satisfy the needs to manage their project work. Several user friendly coding have also adopted. This package shall prove to be a powerful package in satisfying all the requirements of the college. The objective of software planning is to provide a frame work that enables the manager to make reasonable estimates made within a limited time frame at the beginning of the software project and should be updated regularly as the project progresses.

## **At the end it is concluded that we have made efforts on following points:**

- A description of the background and context of the project and it relation to work already done in the area.
- Made statement of the aims and objectives of the project.
- The description of Purpose, Scope, and Applicability.
- We define the problem on which we are working in the project.
- We describe the requirements, specifications of the system and the actions that can be done on these things.
- We included features and operations in detail, including screen layouts
- We included search engine optimization in the website so that it can be categorized and placed on top recommended searches ad results.
- We designed user interface and security issues related to system.
- Finally the system is implemented and tested according to test cases.
